Directors of Finance and Chief Financial Officer Session (2 hours – covering both workshops)

Run by Adrian Willmott, Managing Director, Arcus Consulting. Specialists in finance business partnering.

Workshop option 1

NHS Operating Board game (Individual 1-hour session)

This will give you the opportunity to sample a version of the game and to appreciate how it can help both finance and non-finance professionals to understand more about NHS finance and their role in adding value for patients.

Best Practice in Financial Reporting (1-hour session)

Julie Carter, Director of Finance, Scottish Ambulance Service.

This session will allow sharing of good practice and discussion of how NHS Scotland can improve financial reports to the Board.

Workshop option 2

NHS Operating Board game (Individual 1-hour session)

This will give you the opportunity to sample a version of the game and to appreciate how it can help both finance and non-finance professionals to understand more about NHS finance and their role in adding value for patients.

Finance Business Partnering in NHS Lothian

NHS Lothian has had dedicated business partners in place for several years. Recent training by Arcus has challenged and shaped the model for going forward. Business partners from NHS Lothian will share their experience and advise on benefits and pitfalls around developing a finance business partnering approach
