

HFMA Hub work programme 2022/23

Bringing healthcare professionals together to support system working and gain CPD.

About the HFMA Hub

The HFMA Hub work programme supports health and social care professionals to work across departmental and organisational boundaries in support of integrated service delivery.

This document outlines the intentions for the HFMA Hub events and outputs in 2022/23.

The programme's overarching themes are:

- financial management and reporting
- governance and audit
- financial regime and performance
- integration and system working
- value, efficiency and sustainability
- technology and digital agenda
- workforce and diversity
- NHS leadership and strategic direction of travel
- sector specific financial and policy updates
- health inequalities, prevention and population health.

HFMA Hub work programme 2022/23 timeline

Free Hub events:

 Provider Network	 Mental Health Network	 NHS Leadership and CEO Network
 Commissioning and ICB Network	 Chair, Non-Executive Director and Lay Member Network	 System Finance Network

Month	Output	Network
April 2022	Chairs conference This conference provides a unique learning and networking opportunity for NHS chairs, as well as providing the chance to discuss and debate in a closed environment.	
May	Health inequalities and population health management This conference will address the avoidable differences in people's health across the population and between specific population groups, as well as looking into how preventative measures can create future cost savings.	
September	Introduction to NHS finance for chairs, non-executives and lay members This half day forum and NHS operating game day is designed as an introduction and update on NHS finance priorities covering the role of the non-executive in areas such as assurance, NHS terminology and governance. The day will also cover an introduction to ICSs and ICBs.	
September	Delivering system transformation through ICBs Following the establishment of Integrated Care Boards (ICBs) as statutory bodies on 1 July 2022 and the abolition of CCGs, this forum will give key national updates to those working in ICBs and commissioning roles, as well as discussing strategic planning and allocations.	
September	Mental health conference The annual mental health conference is an event which reflects on the most recent national policies for mental health and hears from national sector leaders discussing service reform alongside case studies from the NHS which focus on integrated working.	

 Provider Network	 Mental Health Network	 NHS Leadership and CEO Network
 Commissioning and ICB Network	 Chair, Non-Executive Director and Lay Member Network	 System Finance Network

Month	Output	Network
October	Sustainability in the health service – one year from COP26 In this forum we will be looking at the progress that has been made in sustainability since COP26 and exploring challenges to be met to achieve Net Zero.	
October	Estates and facilities forum This event will explore ways capital can be financed while considering strategic estates planning at a system level. It will examine practical issues such as how to manage the risks of backlog maintenance, as well as examining the challenges of demonstrating value for money and ensuring estates are managed to maximise benefits to patients.	
November	NHS Leadership and CEO Network forum This forum is a high-level briefing designed to stimulate debate and discussion. It provides NHS CEOs and other executive board members including chairs with a unique learning and networking opportunity alongside valuable insight for those in leadership roles.	
November	Delivering value and efficiencies This forum will bring together best practice examples on the efficient use of resources to deliver high quality sustainable healthcare, as well as discussing some of the key enablers for value and efficiency. The forum is for NHS provider organisations delivering acute, mental health and community services.	

 Provider Network	 Mental Health Network	 NHS Leadership and CEO Network
 Commissioning and ICB Network	 Chair, Non-Executive Director and Lay Member Network	 System Finance Network

Month	Output	Network
January 2023	CFO and directors forum This high-level briefing is an ideal way to kick off the New Year and re-focus, giving attendees the chance to reflect on the past months and look forward to the challenges of the year-end.	
February	Integrated care summit This event offers a unique place for colleagues working within secondary healthcare, primary care, local government and other integrated care system organisations to come together to discuss common priorities, challenges and successes within their field.	
February	Accounting together This new addition to the Hub programme calendar will bring together those in new or junior management accountant and finance business partner roles to discuss technical challenges and skill-based competencies in a delegate led and discussion based environment.	
March	NHS Leadership and CEO Network forum This forum is a high-level briefing designed to stimulate debate and discussion. It provides NHS CEOs and other executive board members including chairs with a unique learning and networking opportunity alongside valuable insight for those in leadership roles.	
March	Audit conference The need for strong leadership and good governance is vital and the role of the audit committee is becoming increasingly important in ensuring the success of every NHS organisation across the local health economy. This one-day event will provide essential practical guidance and a useful forum for discussion for audit committee chairs and members.	

Please note that this programme is a guide and may be subject to change. All events listed may be hosted as face-to-face, online or hybrid events.

<p>Other regular outputs from the HFMA Hub are:</p> <ul style="list-style-type: none"> • briefings and publications • blogs • webinars • roundtables • newsletters. 	<p>The HFMA Hub Networks are supported by the following groups:</p> <ul style="list-style-type: none"> • Provider Technical Issues Group • System Finance Special Interest Group • Commissioning and ICB Steering Group • Healthcare in the Community Special Interest Group • Mental Health Steering Group.

National events:

HFMA Hub partners have exclusive discounts to:

Month	Output
May 2022	Delivering value with digital technology This free to attend conference will bring together clinicians, finance staff and informatics professionals to consider how digital technologies such as digital medicine, genomics, artificial intelligence and robotics can transform services and drive value and efficiency.
July	Summer conference: Integrate and innovate This conference will look to the future and the necessary steps in becoming an integrated, equitable and sustainable health service focused on the wellbeing of the workforce and optimising the use of emergent digital technologies.
October	Charitable funds The regulatory and accounting framework for charitable funds is very different to that of NHS bodies. This conference will keep all those involved with NHS charities up to date with any changes to practices and procedures. This event is delivered in partnership with NHS Charities Together.
December	HFMA annual conference The HFMA annual conference has long been established as the highlight of the NHS finance calendar. This year we will be returning to the hybrid format after the great success of the 2021 event. The conference will allow system leaders and the wider finance community to hear from some of the most prominent figures in the NHS along with key policy makers, politicians, clinicians and technical experts.
January 2023	Pre-accounts planning This event is designed to assist all those involved in the planning and delivery of the annual accounts process for the year 2022/23. Through a mix of both plenary and workshop sessions, the event provides an opportunity for discussions, networking and for delegates to feedback to colleagues from NHS England and NHS Improvement.
January 2023	Delivering value with digital technology This free to attend conference will continue the work of HFMA and Health Education England in delivering a programme of work to increase awareness amongst NHS finance staff about digital healthcare technologies, and enable finance to take an active role in supporting the use of digital technology to transform services and drive value and efficiency.

About the HFMA

The Healthcare Financial Management Association (HFMA) is the professional body for finance staff working in healthcare. For over 70 years it has provided independent support and guidance to its members and the wider healthcare community.

It is a charitable organisation that promotes the highest professional standards and innovation in financial management and governance across the UK health economy through its local and national networks. The association analyses and responds to national policy and aims to exert influence in shaping the healthcare agenda. It also works with other organisations with shared aims in order to promote financial management and governance approaches that really are 'fit for purpose' and effective.

The HFMA is the biggest provider of healthcare finance education and training in the UK. It offers a range of qualifications in healthcare business & finance, and advanced primary care management. The association is an accredited provider of continuing professional development (CPD), which delivers high-quality events, policy briefings, online learning and training programmes to the healthcare community.
